Chlorophyll Oxygen Bubbling Mask "Vintage 2019"

Description:

"Chlorophyll Oxygen Bubbling Mask 'Vintage 2019'" is an extremely refreshing skin care product. It provides long-lasting hydration and smoothing effect while Fiflow® BB 61, combined with Creasurf® BB, gives a remarkable bubbling effect to this mask. After a few minutes, the skin is fresh, purified and blurred for a radiant and healthy complexion.

Key ingredients:

- Hydrasoft® Moist SAP is a texture creator based on Birch Sap (Betula Alba Juice). It dramatically increases skin hydration and microcirculation while decreasing TEWL. This efficient osmotic function increases water content of the skin and improves the swelling of keratinocytes, with a resulting thickening of the skin.
- Creasurf® BB is a soft and mild surfactant that purifies the skin and provides a bubbling effect.
- Fiflow® BB 61 combines visible anti-wrinkle with visual bubbling effect. The activity of Fiflow® BB 61 is based on the materials' gas carrying capacity to oxygenate the skin effectively.
