Energising Body Soft Scrub

Description:

"Energising Body Soft Scrub" is a skin care product especially designed to complement a slimming routine. The combination of Caffeine and Nordic Beauty Peat Extract increases skin microcirculation, which improves cell renewal and fat elimination. Applied with a rubbing motion, this body scrub will remove dead skin cells and activate tissue drainage. The skin is smooth, soft and hydrated.

Key ingredients:

- Nordic Beauty Flaxseed Scrub is a fully organic option for exfoliating products. It comes in brown fiber powder and provides a smooth application without hard edges. Nordic Beauty Flaxseed Scrub is ideal for body scrubs as it efficiently removes dead cells.
- Nordic Beauty Peat Extract is a natural cosmetic ingredient that concentrates all the benefits of Nordic peat. It is rich in trace elements, amino acids, vitamins, phyto hormones and fatty acids, which are bioavailable to the human body. Thanks to its high quantity of antioxidants, it combats free radical damage, boosts collagen production and improves cell turnover.
- Hydrasoft® Sea ER HV is a pseudo-plastic clear gel based on Algae Extract. It has that particular shape memory rheology that gives the product its bouncy, ringing structure. It also provides hydration with a silky and non-tacky feel.

Ingredient	Phase	INCI Name	Qty%	Function
Nordic Beauty Birch SAP	A	Betula Alba Juice (and) Preservative system according to customer's choice	15,00%	Osmostic booster, Hydrating

Prunus Domestica Seed Powder		Prunus Domestica Seed Powder	5,00%	Scrub

Procedure

Weigh phase A and put under stirring until homogenization.
In the meantime, weigh phase B and put under stirring until homogenization.
When both phases are homogeneous, pour phase A into phase B under stirring.
Then, add phase C under stirring until homogenization.
Adjust the pH between 5,5-6,5 if necessary.

Efficacy Testing

2 subjects - On the hand:
Microcirculation increase of 46% after 5 minutes of application
