## Oil Treatment Make-up Remover

### Description:

"Oil Treatment Make-up Remover" is a water free makeup remover, which is ideal to use at night for a gentle skin cleansing. It takes off any waterproof makeup and impurities from the skin. It also provides hydration and smoothness.

### Key ingredients:

- Creagel® Crystal 10 ISO 16128 is an anhydrous gel based on a mixture of synthetic and natural thickened lipids. It is a transparent viscosity modifier and film former. It forms a pseudoplastic film on the skin, which leaves a silky and smooth after feel.
- Creaester® Meadowfoam ET is an ethyl ester derived from Limnanthes Alba Seed Oil. Due to its soft skin feel, it is attractive and naturally-derived silicone substitute, leaving a silky and smooth after feel. It is ideal for sun care products as it acts as a SPF booster.
- Psiflow® 6 ISO 16128 is a silicone substitute based on hydrogenated vegetable oil. It provides same viscosity, texture and skin feel as a dry oil. Its high volatility gives it a quick drying. Psiflow® ISO 16128 is stable to light and oxygen, and is free of SVHC.

Ingredient	Phase	INCI Name	Qty%	Function
Creaester® Meadowfoam ET	A	Ethyl Meadowfoamate	38,40%	Skin protecting, Smoothing agent, SPF booster
Creagel® Crystal 10 ISO 16128		Hydrogenated Vegetable Oil (and) Ethylene/Propylene Copolymer	28,60%	Film former, Viscosity modifier, Smoothing agent
Psiflow® 6 ISO 16128		Hydrogenated Vegetable Oil	26,00%	Silicone substitute, Emollient
Vegeflow® 10 ISO 16128		Hydrogenated Vegetable Oil	7,00%	Softness

### Procedure

Weigh phase A and put under stirring until homogenization.

### Efficacy testing

2 subjects - on the hand:  
- Microcirculation decrease of 55% after 5 minutes of application  
- TEWL decrease of 20% after 5 minutes of application
